

Are you a Solar Installer Interested in More Business?

See more business through the Chamber Solar Challenge.

The Challenge is a competition between local chambers to encourage members to install solar.

The **Quincy Chamber of Commerce** is promoting solar to our members through the EnergySage Solar Marketplace, an online marketplace that connects consumers and property owners with qualified solar installers. We want to encourage you to join EnergySage so that you can take advantage of the business that the Challenge will generate.

To learn more about EnergySage, visit www.energysage.com/installers.

Benefits of Joining EnergySage:

Access to high quality solar shoppers

Shorter lead close time. EnergySage shoppers are well informed, financially stable and ready to buy solar

Any risk is shared with EnergySage! EnergySage only gets paid a commission when you get paid.

If you are interested in joining EnergySage,
